

RECENT OPERATIONS

By Paul Rardin

Russell O. Morrow, state representative-elect, was guest speaker at the weekly meeting of the Pahokee Rotary club yesterday. The club had Robert O. Lampi and members of the high school band as guests so the youngsters got to hear Mr. Morrow tell of his experiences in the southwest Pacific during the months when the battle was the hottest. Mr. Morrow will replace John E. Bollinger in the Palm Beach county House of Representatives delegation. Mr. Morrow served in 1937, 1939, 1941, so trodding the legislative halls of Tallahassee will be nothing new to the recently returned World War II veteran who lives in Lake Worth and practices law in West Palm Beach.

Married Men Get Preference In Vet Lots & Homes Deal

Local veterans, at a meeting called by the Lots and Home Committee in the city hall Monday night, voted to give married men preference in the purchases of lots in the new proposed subdivision for veterans that is to be located off Barfield Highway opposite to Lair Athletic Field.

The subdivision will include 36 lots, 75 by 125 feet, and the veterans on the preference list have up until Saturday noon, May 11, to purchase these lots at a cost of \$280 each. The money is being received for the lots by Claude Jones at the veterans Service office in the city hall. In a move to make the new subdivision a model residential section the group voted to set a minimum of \$3,000 on the cost of homes to be built in it.

John T. Pickett, Sr., Pahokee engineer, showed the veterans the plans he has drawn up for the new subdivision and explained to them the layout of the lots and streets. Questions raised by the veterans relative to the building of the homes were answered by Don Hillier, local contractor, O. R. Bleach and C. A. Bailey, real estate agents.

Mr. Bailey, who hails from Belle Glade, said that veterans of his community were following with intense interest the progress being made by Pahokee-Canal Point veterans in getting homes started and there is a strong probability that Belle Glade veterans will espouse a similar home building project.

New Equipment Not To Be Loaned

An ironclad rule from which there will be no exceptions is that recently acquired county equipment will not be loaned to individuals, according to Paul Rardin, county commissioner. New trucks, a dragline, a jeep, a bull dozer (enroute) and much other new equipment has been secured by Rardin during the 16 months he has been on the board. Already, he said yesterday, he has been propositioned by more than half a dozen individuals to borrow some of the equipment. "It won't be loaned. It will be used to build county roads in the Everglades," Rardin said emphatically.

Mrs. Paul Sasser and Mrs. Jack Phillips have returned from a visit with relatives in Cairo, Ga. They also visited Mr. and Mrs. J. C. Phillips in Wauchula enroute home.

TO TALLAHASSEE

Serving as member of the Palm Beach county delegation in the state legislature at Tallahassee will be no novelty to Russell O. Morrow of Lake Worth. He dedicated Representative John E. Bollinger in Tuesday's voting by a decisive vote. Mr. Morrow served in 1937, 1939, 1941, before going to the Navy where he served for more than three years. He retired as a Lieutenant-Commander.

New Industrial Rate To Save Cash For Current Users

A new Industrial Rate was announced last week by the Florida Power & Light Company and in the bill is a material saving will be effected for large industrial users. The new industrial rate will make it more attractive than ever for new industries to locate in the Everglades area.

Both rates, are effective with meter readings taken on or after May 1st, 1946, in all of the territory served by the Florida Power & Light Co., and it is estimated that the annual reductions to some four hundred of the larger industrial customers will amount to \$226,000 or 13 percent of these bills. Here in the Everglades, it will naturally apply to the large packing houses and pre-cooling plants, and other food and agricultural processing establishments. The amount of this reduction varies, of course, with the size of the industry and the extent of their use of power. In the case of the water pumping rate, it is estimated that \$86,700 or 20 percent will be saved in the bills of about 140 pumping installations on their system. These two new rates replace nine old rates—thus simplifying rate applications for this class of customers.

All of this ties in with the Florida Power & Light Company's \$24,000,000 construction program that will provide power for the anticipated growth and development in the territory they serve.

Lions Welcome 3 New Members

An Old Favorite

The lowly ginger snap is one of the oldest cookies in the grocer's stock. It was popular seventy-five years ago. It is said to be about the same size as the present-day product and to taste about the same.

A host of more modern and more glamorous cookies have come in, to the market in the last fifty years, but the ginger snap remains the patriarch of them all.—Titusville Star-Advocate.

Baptist Church In Canal Point Burns Mortgage May 5th

Rev. Guy Owen of West Flagler Park Baptist Church in Miami has just led the Canal Point Baptist Church in a great revival meeting. Eleven members were added to the Church, six by baptism and five by letter. Rev. Owen was with the Church at Canal Point 12 days and truly showed an earnest zeal for unsaved people. He is a mighty preacher and surely a consecrated man of God.

Following the Revival the Church observed on Sunday morning, May 5, the ceremonies of mortgage burning. Blended with the occasion was the Church's first Homecoming and many former friends and associates were able to be back. Over half of the charter members were present. The program began on Sunday morning during the regular worship hour with the congregation singing the "Doxology," and the Pastor, Rev. J. Richard Heller, leading in

prayer. Supt. T. M. Jones of the Children's Home in Arcadia brought a heart searching message on the pertinent theme, "The Challenge of Church Membership". Mr. Johns had been with the Church back in its very beginning in 1933 and had read then to the newly organized Church the "Covenant" and the Articles of Faith."

After Mr. Johns spoke, Mrs. M. F. George, President of the WMU of the Church, presented corsages to Mrs. C. B. Jones, the wife of Rev. C. B. Jones, now deceased, who led so much in the founding of a Church here and served as its first preacher; Mrs. S. B. Jordan, wife of the former pastor, Rev. S. B. Jordan, who was pastor-builder of the Church; Mrs. J. Richard Heller, wife of the present pastor; Mrs. T. M. Jones of the Children's Home; and Mrs. Loretta Lawrence, now of Homestead, who served as the Church's first pianist.

The congregation sang the hymn of dedication, "O Jesus, I have Promised", an offering was received, then the mortgage was burned in very symbolic and significant fashion as follows: Rev. Jordan and Rev. Heller stood in the front of the Church with the present Board of Deacons (M. D. Geiger, Benj. Walker, J. S. Chastain, J. G. Weeks, and Alton Jones, Chm.); Rev. Jordan struck the first match to light his own candle, thus portraying the building of the Church as being begun by him; with his candle he then lighted the candle of the Deacon next to him, and thus went the flame until it came forward to meet Rev. Heller who held the mortgage. Mr. Jones touched his candle to the mortgage and, in a spirit of prayer, the congregation watched the mortgage burn until it was entirely consumed.

ed. It was the day for which many had labored and prayed. God had blessed the work and the people were glad.

After the mortgage was burned Rev. Jordan preached the sermon of the morning and the people responded with a dedicatory response. T. M. Johns led in the closing prayer, remembering especially Dr. Nowlin who had helped so much in the early beginnings of the Church but who was unable to be there for the occasion because of poor health.

A great dinner was served by the women of the Church and an afternoon of genuine Christian fellowship and reminiscing was enjoyed. Mr. Johns spoke again at the evening service, and the ordinance of baptism was administered to several of those who had made professions of faith during the revival.

MEN'S BIBLE CLASS

The three oldest resident mothers of Pahokee will be the special guests of The Pahokee Men's Bible Class Sunday, Mother's Day. The committee in charge, Messrs. Kincaid, Cowart and Wood, will accompany these honored mothers to their reserved places. After the presentation, the class will recognize them accordingly. The Class Quartet, Messrs. Wood, Spooner, Butler, Cowart, with Grimes as alternate will present a program commensurate with the occasion. The teacher Rev. C. A. Moborg, will speak on the theme of the day. A most cordial invitation is extended to all unaffiliated men of the community, visitors and service men, in and out of uniform. The class meets in its new building on Bacom Point Road, 9:45, Daylight Saving Time.

Twelfth Baptist Article of Faith "Harmony of Law and Gospel"

"We believe that the Law of God is the eternal and unchangeable rule of His moral government; that it is Holy, just and good; and that the inability which the Scriptures ascribe to fallen men to fulfill its precepts arises entirely from their love of sin; to deliver them from which, and to restore them through a Mediator to unfeigned obedience to the Holy Law, is one great end of the gospel, and of the means of grace connected with the establishment of the visible church."

Stretch Of Bacom Point Resurfaced

A stretch of Bacom Point road in the neighborhood of the Meredith residence has been resurfaced, according to Paul Rardin, county commissioner. Several cars of rock were worked into the base of the road recently by the county road crew and last week the topping arrived and was put on. A short piece of Barfield Road where it joins the Canal Point-Pahokee road was also resurfaced, Rardin said, by the county road crew.

Both the bride and bridegroom received their education at Panama City High School. For the past few months she has been employed at the Pahokee State Farmer's Market in the celery packing

TELEPHONES for FARMERS a Big Part of Our Expansion Activities

We're busily engaged in rural telephone service extension, which is a major objective of our current expansion activities.

Farm telephone service does more than provide the convenience of the telephone to people in rural areas. It places more and more farm residents in contact with people and businesses in town, and in turn puts these people in contact with the farm families . . . makes telephone service more valuable and beneficial to all.
